Preparing for the GRC

Step 1

- Register for the GRC.
- All entry fields on the registration form are required information.
- Have all presentation and author information ready so registration form can be filled in completely for the conference.
- For general registration questions, please contact the Graduate office at grad.deansoffice@unh.edu, 862-3005.
- Accuracy of all your registration information is important as it will be used in important event communications, for email invitations to guests, and certain information will be printed in the University-wide program

Step 2

- Finish your presentation. Have your adviser review the content, especially before you print your poster or finalize your PowerPoint presentation.

Step 3

- Practice your presentation. Assistance is available through the UNH Connors Writing Center, offering workshops, one-on-one consultations, and practice sessions.

Step 4

- Present at the GRC. Wear appropriate clothing and arrive before the presentation to make sure everything is ready. Have fun!
